# **KNOW BEFORE YOU GO**

Your guide for where to go when you need medical care.

Lower	Cost and time	Greater

	Cigna Telehealth Connection	Convenience care clinic	Physician's office	Urgent care center	Emergency room
	Access telehealth services to treat minor medical conditions. Connect with a board-certified doctor via video or phone when where and how it works best for you. To view your telehealth options, log in to myCigna.com, click on "Find Care and Costs" and select "Cigna Telehealth Connection."	Treats minor medical concerns. Staffed by nurse practitioners and physician assistants. Located in retail stores and pharmacies. Often open nights and weekends.	The best place to go for routine or preventive care, to keep track of medications, or for a referral to see a specialist.	For conditions that aren't life threatening. Staffed by nurses and doctors and usually have extended hours.	For immediate treatment of critical injuries or illness. Open 24/7. If a situation seems life threatening, call 911 or go to the nearest emergency room. "Freestanding" emergency room (ER) locations are becoming more common in many areas. Because these ERs are not inside hospitals, they may look like urgent care centers. When you receive care at an ER, you're billed at a much higher cost than at other health care facilities.

If you are in doubt about the severity of your injury or illness, you should go to a hospital-based ER. You can also call our Health Information Line and speak with a clinician who can help you understand your options. Please consult your pediatrician for guidance on children under age five.

#### 24/7/365 added guidance and support

With the Cigna Health Information Line, clinicians are just a phone call away, at no extra cost. They can help you understand health issues you might be experiencing, and help you to make informed decisions - whether it's reviewing home treatment options, following up on a doctor's appointment, or choosing and finding the right care in the right setting.

#### **Accessing care in the Southern California Select Network**

With the Southern California Select plan, you select an in-network primary care physician (PCP) who will help you manage and coordinate your care, including referrals to specialists if needed.<sup>4</sup>

You should receive care from the provider group with which your PCP is aligned. This care will be considered in-network, which means it will be covered by your plan according to your plan terms. If you choose to receive care outside the provider group you selected, it is considered out-of-network and would not be covered by your plan, except for emergency or most urgent care.<sup>5</sup>

For your convenience, you and each member on your plan can choose a PCP and be aligned with any one of four provider groups in the Southern California Select Network.<sup>6</sup> You can call the number on the back of your ID card or go to **myCigna.com** to make this change.

## Not a Cigna customer yet, but want to search providers in the Southern California Select Network?

- Go to Cigna.com and click on "Find a Doctor, Dentist or Facility" at the top of the page.
- Under "Not a Cigna Customer Yet?" select "Plans through your employer or school."
- Under "Find Providers," enter your search location (i.e., your town or your zip code) and then click on the "Pick" drop-down box and select "Medical Plans."
  - If your home zip code/town is not available in the **HMO/Network Southern CA Select**, enter your work location or a town within the available service areas (Los Angeles, Orange, San Diego, San Bernardino and Riverside counties).
- > Select "Southern California Select (St. Joseph Hoag Health, Scripps Health, HealthCare Partners, PrimeCare)" under HMO, then select "Choose."
- In the "Search" box, enter the details for your search (PCP, etc.).

- 1. Telehealth services are provided by third-party telehealth providers and not by Cigna. Providers are solely responsible for any treatment provided. Not all providers have video chat capabilities. Video chat is not available in all areas. This service is separate from your health plan's provider network. A primary care provider referral is not required for Amwell/MDLIVE services.
- 2. This list is not all inclusive and is for informational purposes only. This list is NOT a description of coverage or a guarantee that these or any other services provided by the health care provider or facility are covered under your employer's specific group health plan or insurance policy. Check your employer's official plan documents for information about the services covered under your plan benefits.
- 3. Check your employer's official plan documents for information about the costs you are responsible for under your employer's specific medical plan, including any deductible, copay and/or coinsurance or other requirements.
- 4. Some providers, like 0B/GYNs, can be seen without a referral. Referrals are not required for emergency and most urgent care services. See your plan materials for details or call 800.244.6224.
- 5. Eligible out-of-network emergency and urgent care services (as defined in your plan documents) are covered at the in-network benefit level.
- 6. Providers are located throughout the majority of the county. Please access the provider directory on myCigna.com or call 800.244.6224.

This information is for educational purposes only. You are encouraged to consider all relevant factors and to consult with your treating doctor when selecting a health care provider. During a medical emergency, go to the nearest emergency room or call 911. The providers that participate in the Cigna network are independent contractors solely responsible for the treatment provided to their patients. Providers are not agents of Cigna.

**Exclusions and limitations:** All health plans and health insurance policies have exclusions and limitations. Copay, coinsurance and deductible requirements may apply. This brochure outlines the highlights of your plan. For a complete list of both covered and non-covered services, including benefits which may be required by your state, see your plan documents.
